W. D. DYESS

A Personal Message

FROM W. D. DYESS

DEAR CUSTOMERS:

Again it is our privilege to extend to you our warm welcome to look through our new catalog for this season. We believe it to be one of the best ever printed.

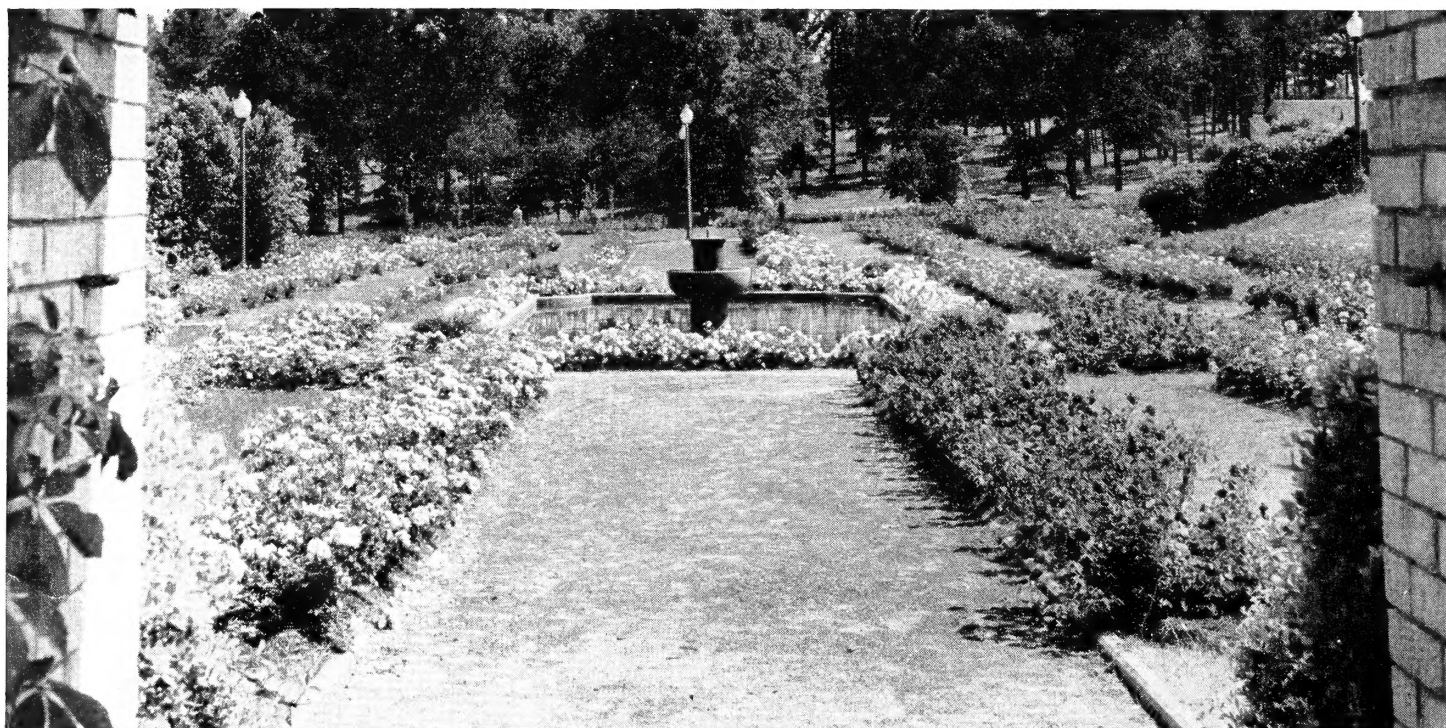

As you turn through it, page by page, whether you are one of our valued old customers or are viewing our catalog for the first time, we are sure you will be thrilled by the true-to-life color of our Roses. Many of the finer newer Roses we are featuring for the first time, as well as the old favorites of yesterday that you keep asking for year after year—Roses that have that everlasting beauty.

We shall strive again this season, as we have always done in the past, to send you only top-quality Rose bushes, so that when you order you can be confident you are getting the very best bushes, prompt service and proper care in handling. It is our earnest desire to please each of our customers, and we urge you to read our guarantee very carefully (on the back of the order blank). We intend to keep our standards high, for we believe our good name to be one of our best assets.

We remind you who live in the South that fall is the best time to plant your Rose bushes for bigger and better blooms in your garden next spring. Fall planting gives the roots plenty of time to become well established in the ground, and by the time the warm spring weather comes they are ready to start making excellent growth.

May we urge you to order early, to insure getting the exact varieties you prefer. We will reserve your bushes for you and make shipment at the proper planting time for your locality.

Sincerely yours,

TYLER ROSE GARDEN OF 25,000 BUSHES IN OVER 425 DIFFERENT VARIETIES

Planting, Feeding and General Care OF TY-TEX EVERBLOOMING ROSES

LOCATION FOR PLANTING:

Select a place where there is sun at least half of the day, not under trees or next to hedges.

TIME OF PLANTING:

Plant during the winter months unless the ground is frozen. Late fall or early spring planting is best in cold climates. For southern states we recommend fall planting.

PREPARATION OF BEDS:

(1) Remove grass, weeds or other plants for a width of 4 feet if for a single row; 6 feet if for a double row. For convenience in caring for plants and cutting of blooms, it is best not to have more than two rows together. For further planting, allow a walkway of about 5 feet to the next row of Roses.

(2) Dig a trench 12 to 15 inches deep and about 2 feet wide for each row.

(3) Place 3 to 5 inches of rotted manure (cattle preferred) or compost in the bottom of the trench.

(4) Add 2 or 3 inches of soil on top of the manure or enough so the lowest branches and union with the understock will be just above the soil level when the planting is completed.

CARE OF BUSHES ON ARRIVAL:

Unpack and soak the roots in water for about an hour. If the bushes cannot be planted immediately, dig a trench and bury plants, roots down, in soil except for the top inch or two of the canes. Wet down if the soil is dry. Plant bushes as soon as possible.

SETTING OUT THE BUSHES:

(1) Trim the roots to not more than 12 inches long.

(2) Prune the tops back to about 8 inches from the union (where the branching originates).

(3) Bushes may be spaced as close as 18 inches apart in a row.

(4) Place a mound of soil under the base of each bush so the roots slant downward into the trench. Cover the roots with good top soil and pack slightly by tamping or tramping. Water if the soil is dry.

(5) Mound the soil over the union and around the canes for the winter, but rake away the mound just before new growth starts.

FERTILIZING:

Apply in the spring about the time growth starts and repeat every six or eight weeks as the growth requires. Fall applications are not advised. Well-rotted cattle manure is one of the best fertilizers for Roses. Apply about 1 or 2 inches deep around each bush but not touching the canes. Commercial fertilizers are satisfactory. Complete fertilizers, 5-10-5 or similar formulas, are good but should be used at not more than 1 or 2 pounds per 100 square feet of bed space. This is approximately 1 pound for 20 bushes for each application. Soluble-type fertilizers of high analysis are excellent but should be used in lesser amount. These can be applied as liquids if desired.

PRUNING ESTABLISHED BUSHES:

General pruning should be done in late winter or just before the buds start swelling. Prune out all the dead wood. Remove enough top growth to keep the bushes the desired size and shape. Make the pruning cuts close to joints or just above buds (this is better than using paints or pastes over cuts). *Climbing Roses that bloom only in the spring should be pruned immediately after the bloom period.*

WINTER PROTECTION:

Where freeze damage is anticipated, cover the crowns and canes by mounding with soil to 8 or 10 inches deep but remove as soon as growth starts in the spring.

EXTRA PRECAUTIONS:

(1) Plant so the finished bed will be high if the soil is not well drained, or level with the surrounding area otherwise.

(2) Plant shallow enough so the soil is just at the base of the union or crown and does not touch the branches during the growing season.

(3) For black-spot disease of leaves a sulphur-copper fungicide is very effective if used properly. Dust lightly within 24 hours after each rain or once a week during continuous rains; a sufficient amount of fungicide is not unsightly. Treat when the air is still. Begin using a fungicide before black-spot appears. (Black-spot spreads only during rains or when the leaves are wet from watering.) *The new fungicide Captan, applied as a spray once a week, is highly satisfactory for black-spot control if the lower as well as the upper side of the leaves is treated.* Ten pounds of dust fungicide will care for about 50 bushes a year, or one pound of 50% wettable Captan for spraying.

For mildew use sulphur-containing dusts or sprays during cool weather. In hot weather spray with Mathieson No. 466 copper fungicide.

(4) Use insecticides when needed. Principal insects are aphids (plant lice). Benzene hexachloride (BHC or Lindane), Malathion, nicotine sulfate, pyrethrum, or rotenone are suitable controls, but avoid getting the first three named on vegetables. For red-spider mite (tiny insects yellowing and finally webbing the leaves), spray with Aramite. For beetles, caterpillars, and other leaf-chewing insects use lead arsenate or DDT (not household DDT).

(5) Avoid sprays containing oils that might burn.

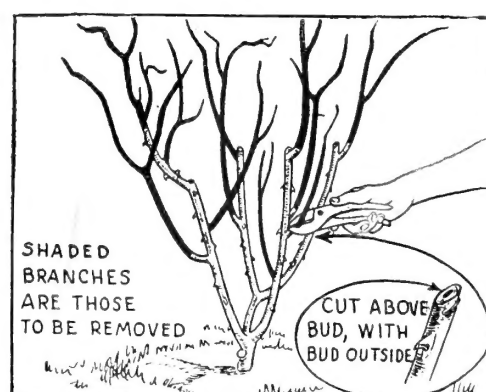

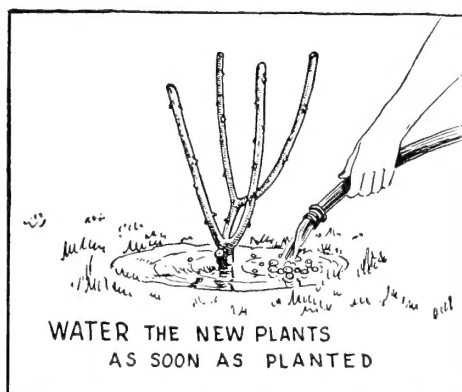

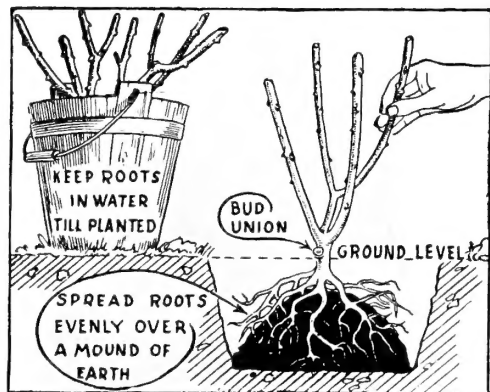

(6) Avoid wetting the foliage when watering, particularly if black-spot disease is present.

(7) Cut blooms short until bushes become good size. Snap off old blooms to help build the plants as well as to improve the appearance. Usually when cutting flowers it is best to leave two or three leaves of each flower stem on the bush, making each cut as close as possible above the leaf joint (axil). Do not leave stubs after any cutting or pruning. Remove dead wood at any time of year.

(8) Cultivate shallowly or just enough to kill weeds.

(9) Keep fertilizers off leaves and canes except the specially diluted foliage nutrients.

(10) Mulch with a 1 to 2-inch layer of pine needles, leaves, sawdust, cotton burs or other suitable materials to conserve moisture and help control weeds.

PEACE

©

Peace Plant Pat. No. 591

Peace is rapidly establishing itself as "everyman's Rose." Its fabulous record as a winner of the top awards in the world of Roses proves its superiority. Peace gives a lift to the heart. Its colors change daily and vary from flower to flower but are always beautiful. The tints of yellow, pale gold, cream and ivory show a varying blush of pink on the lightly ruffled petal edges. Though the broad-petaled, double bloom is huge, it is constantly fresh looking. Long, straight, magnificently strong stems and handsome, shining, dark green foliage.

\$2.50 each; 3 for \$6.60; 6 for \$13.20

This is also available in climbing form at \$2.25 each; 3 for \$6.00; 6 for \$12.00.

CHRYSLER IMPERIAL

Chrysler Imperial Plant Pat. No. 1167

An aristocratic new Rose in changing, iridescent tones of crimson with darker overtones of glowing oxblood-red. Long, tapering buds and large, full, high-centered flowers with 40 to 50 petals. Richly fragrant. A compact and symmetrical plant with healthy, dark green foliage, making a handsome garden shrub. Blooms freely and continuously all season. Chrysler Imperial has the good points of an exhibition Rose—beautiful form, excellent keeping quality and real "personality." It is perfect for cutting. Even one bud of it is lovely.

\$2.50 each; 3 for \$6.60; 6 for \$13.20

Everblooming **HYBRID TEAS**

Every Rose Outstanding

Pink Frost Plant Pat. No. 1269

An exciting new exhibition Rose. The large, ovoid buds open to blue-ribbon, charming pink flowers with 38 to 45 petals. Unusually long lasting, with remarkably strong and pleasing Damask fragrance. The bush is vigorous and sturdy, growing to 5 feet and more the first season and blooming freely. A very special new Rose resulting from a cross of Charlotte Armstrong and Texas Centennial, two colorful and vigorous favorites of long standing.

\$2.50 each; 3 for \$6.60; 6 for \$13.20

New Yorker Plant Pat. No. 823

A gay bright red Rose of extremely good sparkling color. The perfectly formed buds open slowly to flowers that are often 6½ inches across, with soft velvety petals. Delightful raspberry fragrance. Not only is the clear red color long lasting and sun resistant but the 3-foot bushes are upright and vigorous. The young shoots and new growth are also bright red. Blooms profusely from June to frost. Hardy and healthy.

\$2.25 each; 3 for \$6.00; 6 for \$12.00

Love Song Plant Pat. No. 1360

Here is a marvelous new Rose full of glowing beauty. It is the first American-bred offspring of Peace, and you will recognize many of the superior characteristics of the parent in this new Hybrid Tea. The unopened buds are big and fat, sharply pointed as they show their first color—deep gold edged with dark coppery rose. The pointed centers elongate as the buds develop and become more urn shaped as the petals unfold. At this stage they are yellow and deep coppery salmon-pink. As the blooms open, the colors do not fade but rather seem to become richer as they show more and more of the bright, shining salmon-pink. As with its parent, Peace, the fully open flowers are wonderful to behold—so packed with vitality that they seem ready to spring off the bush! They measure 4½ to 5 inches across, with from 35 to 50 regularly arranged petals. The texture is very satiny, and the fragrance moderate to strong.

The plant also resembles Peace, with extra-good, bushy habit and many branches, clothed to the ground with cedar-green, slightly glossy foliage. It blooms freely and continuously from spring until late in the fall. Flowers are carried singly on a stem, making it ideal for cutting.

MOJAVE

GREY PEARL

Forty-niner Plant Pat. No. 792

Dazzling chrome-yellow on the outside of the petals; vivid Orient-red changing to cherry-red on the inside. Colors contrast so vividly that the bloom draws admiration from everyone. The well-formed, delightfully pointed buds show more of the yellow and open into showy blooms with firm-textured petals. Lovely fragrance. Hardy and vigorous, with good resistance to disease.

\$2.25 each; 3 for \$6.00; 6 for \$12.00

Grey Pearl Plant Pat. No. 680

A sensation among Rose lovers, with 40 to 50 lavender-grey petals delicately shaded olive and tan. The medium-sized plants produce perfectly formed, high-centered, fully double Roses up to 4½ inches across. The well-formed bud is a very dark tan-olive color and will amaze you as it opens slowly into a perfect Rose of soft, warm grey.

\$2.50 each; 3 for \$6.60; 6 for \$13.20

Mojave Plant Pat. No. 1176

This dazzling All-America Selection for 1954, with its bold coloring, has a lot more than just winning ways with which to capture the attention of Rose growers. Its amazing number of long-stemmed buds of glowing radiant orange open to big, pleasantly fragrant, richly colored flowers to enhance your Rose garden.

\$2.75 each; 3 for \$7.20; 6 for \$14.40

PLANT THIS FALL . . . *Enjoy for Years!*

Nocturne Plant Pat. No. 713

Bright cardinal-red with dark shades of very deep crimson. A lighter, even more beautiful shade in hot weather. The heavy-textured petals tolerate any climate without suffering. Long, graceful buds open gradually to a handsome 5-inch bloom having a delightful, pleasing fragrance. A very sturdy, bushy plant growing 3 to 4 feet tall. Outstanding in every way.

\$2.25 each; 3 for \$6.00; 6 for \$12.00

GIVE YOUR GARDEN
GLAMOROUS COLOR

Golden Masterpiece

Plant Pat. No. 1284

A big, majestic yellow Rose that is nevertheless graceful and appealing. It has long golden buds with an occasional touch of red on the petal edges, opening gradually. The high-centered flowers of rich gold, as much as 6½ inches in diameter, are even brighter in the summer sun. They appear repeatedly all season long, filling the garden with pleasant old Rose fragrance. Long stems enable you to cut it for indoors. Glossy green foliage covers the plant, making a beautiful picture even before the flowers open. The bush grows 3 to 4 feet tall and is very strong and healthy.

\$2.75 each; 3 for \$7.20; 6 for \$14.40

NOCTURNE

Tiffany Plant Pat. No. 1304

One of the newer Hybrid Teas, proving to be a stand-out among pink varieties. The long-pointed buds are deep pink with golden yellow at base of petals, opening to fragrant, perfectly formed, double, high-centered blooms of phlox-pink. Petals of heavy substance give the flowers lasting qualities. Upright and very vigorous. An excellent and highly recommended Rose.

MIRANDY

CHARLOTTE ARMSTRONG

Mirandy Plant Pat. No. 632

Immense, ovoid buds of dark, rich red with black shadings and most delicious, full-bodied fragrance. The flower eventually becomes a huge, 50-petaled bloom that lasts a long time. It does best in sunshine and warm weather. The plants are medium in height, vigorous and free branching.

\$2.25 each; 3 for \$6.00; 6 for \$12.00

Charlotte Armstrong Plant Pat. No. 455

Long, carmine-red buds and magnificent open blooms of rich cerise. The high-centered flower is 3 to 4 inches in diameter, with about 30 petals. Extremely vigorous, semi-spreading to upright; long stems. Leathery, semi-glossy, dark foliage, highly resistant to mildew. Blooms all season.

\$2.25 each; 3 for \$6.00; 6 for \$12.00

President Eisenhower Plant Pat. No. 1217

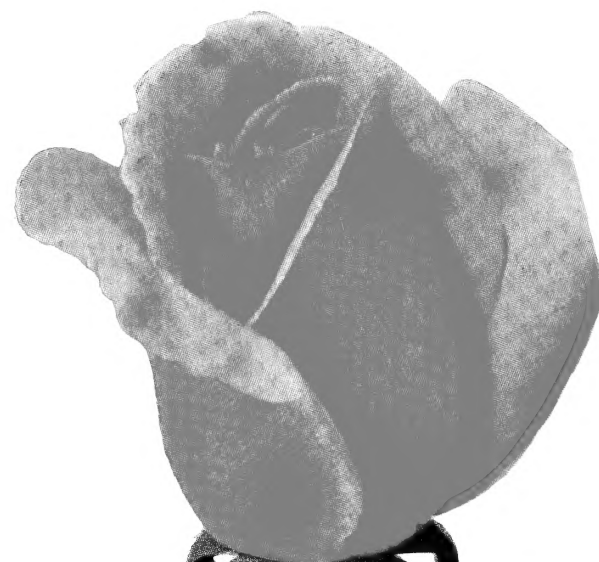

Large buds open slowly to 4 to 5-inch blooms with 35 to 40 beautifully curved petals. These are a rich, unfading, uniform rose-red. Free and continuous in bloom, on upright, bushy plants with heavy canes, 2½ to 3 feet high, with leathery, dark green, disease-resistant foliage. Strong, very sweet, old-Rose fragrance.

\$2.25 each; 3 for \$6.00; 6 for \$12.00

Helen Traubel Plant Pat. No. 1028

The sparkling color is a lively pink, but more often a luminous apricot, blending into rich orange. Buds are large and tapered, opening into blooms of extraordinary size and fragrance. Vigorous and prolific, and alive with gorgeous buds and blooms. The flowers are good in any weather, warm or cool, and are carried singly on long stems.

\$2.50 each; 3 for \$6.60; 6 for \$13.20

Grandifloras

The newest Rose class, featuring

.....buds and flowers of Hybrid Tea perfection

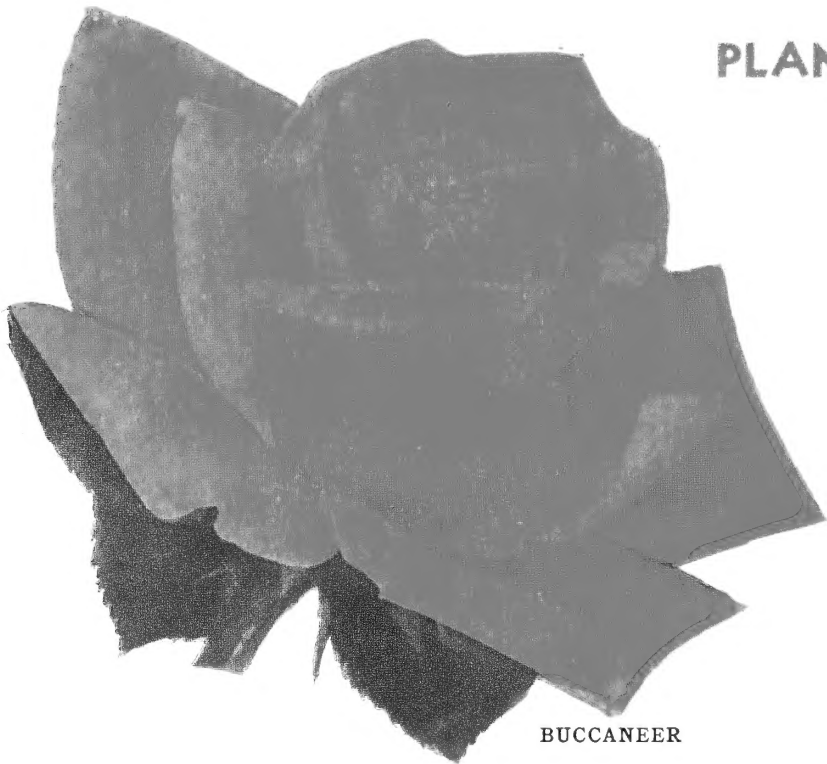

.....very free-blooming plants with flowers in clusters but on long individual stems for cutting

.....extremely vigorous, tall growth

Grandifloras are the easiest of Roses to grow. They make a perfect backdrop for the formal Rose garden or for massed Floribundas, as in the photograph at the right. A single specimen plant may be used in place of a shrub, or a tall hedge of colorful Grandifloras is mighty attractive when used instead of a fence.

PLANT THIS FALL

BUCCANEER

Buccaneer Plant Pat. No. 1119

Perfect, long buds of bright unfading yellow on tall, vigorous plants. Grows and blooms freely all summer long. In great demand.

\$2.50 each; 3 for \$6.60; 6 for \$13.20

Carrousel Plant Pat. No. 1066

A 4 to 5-foot plant, excellent as a hedge, with dark, leathery foliage. Medium-sized flowers with about 20 dark red, velvety petals and light fragrance. Very free blooming and long lasting. No tendency to blue or mildew.

\$2.00 each; 3 for \$5.25; 6 for \$10.50

Queen Elizabeth Plant Pat. No. 1259

A blend of soft carmine-rose and dawn-pink. Delightfully fragrant flowers on long, almost thornless cutting stems. Disease-resistant foliage. Blooms abundantly and continuously. Unusually strong and upright. Heavy, dark foliage.

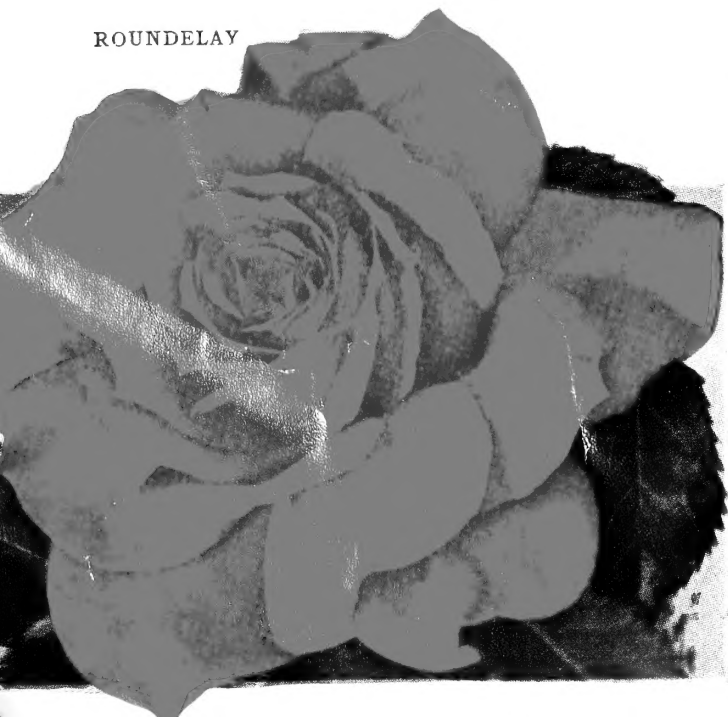

\$2.50 each; 3 for \$6.60; 6 for \$13.20

Roundelay Plant Pat. No. 1280

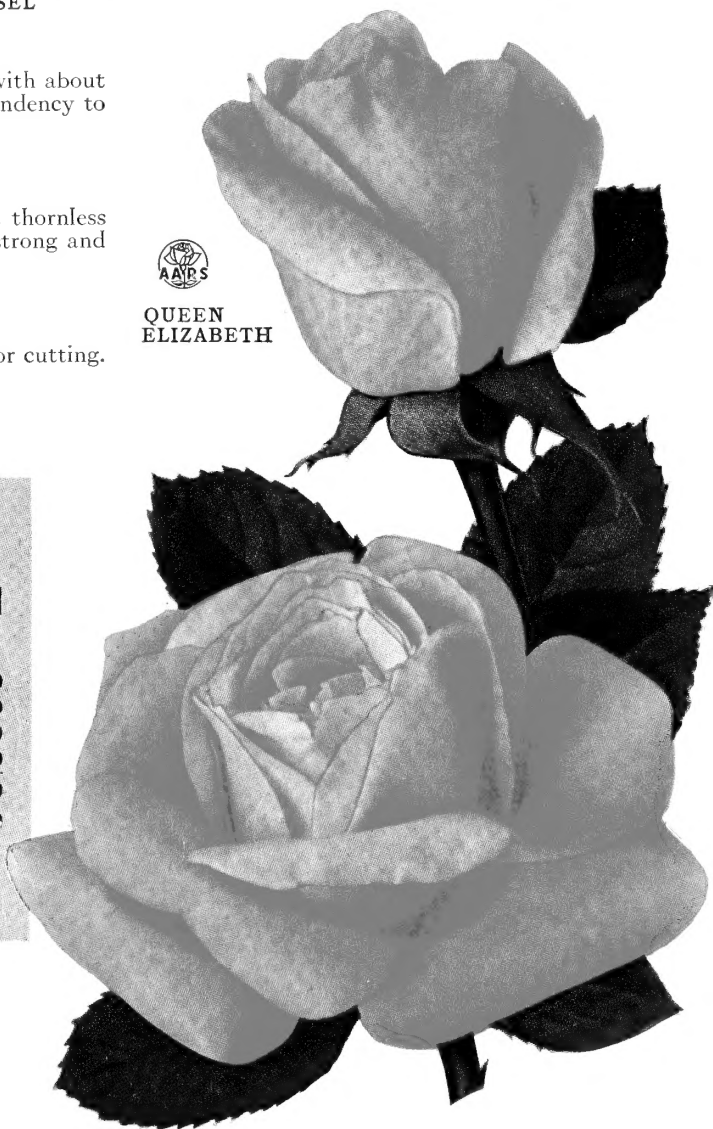

Beautiful buds and fiery red flowers of medium size in clusters on long, strong stems. Fine for cutting. Very fragrant. Will display three flowers for one on an average Hybrid Tea.

Plant Pat. Applied for

A brand-new, prize-winning Rose that is sure to make a name for itself. It has long-pointed, daffodil-yellow buds and fragrant, high-centered, 4½ to 5-inch blooms with 25 to 30 petals. This is the first winter-hardy, everblooming pillar and climbing Rose that blooms from spring until late fall. It grows as a self-supporting pillar Rose, 8 to 10 feet tall. Or it can be trained as a climber on trellis or fence, or as a bush. (See sketches at right.)

\$3.00 each; 3 for \$7.95; 6 for \$15.90

White Bouquet

Plant Pat. No. 1415

And this is the other All-America winner for 1957—an enchanting white Floribunda with 4 to 5-inch flowers and lustrous, dark green foliage. The flowers are gardenia-like, with a sweet spicy fragrance. As the flower slowly unfolds, the center petals remain upright for a time, finally opening to display a small circle of golden yellow stamens. The flowers are constantly produced, both in clusters and as individual blooms. The plant does not grow very tall, but broadens out and becomes a wonderful bedding and border plant. Here is a superb medium-sized Floribunda for modern gardens.

\$2.50 each; 3 for \$6.60; 6 for \$13.20

Countess Vandal

The most artistic bloom in rosedom, according to the experts. The long slender buds hold their beautiful shape as the petals gradually unfold in a lovely play of carmine-pink,

buff and gold. These high-centered blooms have won many important honors in Rose shows.

\$1.50 each; 3 for \$3.75

Eclipse

Streamlined and modern, especially sought as a boutonniere. The slim, tapering buds of clear yellow are often more than 2 inches long. The long sepals are a distinguishing mark. Vigorous, branching plants are continuously loaded with scores of blooms. One of the best of Roses for cutting.

\$1.50 each; 3 for \$3.75

Crimson Glory

Dependable, long lasting, rich in color. Wonderful buds of deepest red unfold into perfectly formed blooms. Rich fragrance and easy growth.

\$1.50 each; 3 for \$3.75

Better Times

A glorious red, especially prized for its long stems, rich color and pointed buds. The favorite red Rose with florists for many years. Enchanting fragrance. Does remarkably well even in extremely warm climates.

\$1.50 each; 3 for \$3.75

White Briarcliff

Great quantities of flowers throughout a long season. A pure clean white, in bud and open flower. Sleek and graceful buds. Large, double, lasting blooms with a refreshing, cool fragrance. About 2 to 2½ feet tall.

\$1.50 each; 3 for \$3.75

• STANDARD CLIMBERS •

Marechal Niel. This is a famous old climbing Rose sent out from France about 90 years ago. The large, double, golden yellow flowers are very fragrant, and the long-pointed buds are particularly lovely. Vigorous and profuse in bloom. It is not hardy in the North, but is a long-time favorite here in the South and on the Pacific Coast. One of the best of all climbers for this locality.

\$1.25 each; 3 for \$3.25

MARECHAL NIEL

Cl. Caledonia. A favorite with many experts. Huge, well-formed, white blooms with light fragrance. Long stems make it excellent for cutting.

Cl. Columbia. A clear, good pink. High-pointed, very fragrant flowers on strong stems. Large and double, with beautiful petal texture.

Cl. Etoile de Hollande. The unfading red color is an outstanding feature. Grows vigorously, with long stems. Richly fragrant.

Cl. Mrs. P. S. du Pont. Rich golden yellow, semi-double Rose of moderate size and glorious form. Buds have a reddish cast that becomes lighter.

Cl. Pink Radiance. The standard pink on a vigorous, easy-to-grow climber. The amateur's Rose par excellence, ever dependable.

Cl. Red Radiance. Globular, rich rosy red flowers on a climber of unbelievable beauty. Fragrant and attractive.

Cl. Red Talisman. The beautifully formed Talisman in a striking red form. This climber is positively brilliant. Highly recommended.

Cl. Talisman. The popular two-tone Talisman Rose is a lovely climber that ranges from scarlet to yellow.

Cl. White American Beauty. The favorite American Beauty in white, with delicate pink buds. The blooms are large and long stemmed.

New Dawn. A hardy everblooming climber with perfect Hybrid-Tea-like blooms of apple-blossom-pink. Makes a gorgeous display. \$1.25 each; 3 for \$3.25.

Paul's Scarlet Climber. Vivid scarlet blooms 2 inches across, in clusters. Hardy, free flowering, healthy and vigorous. Blooms in June. Widely and easily grown.

All Standard Climbers, \$1.25 each; 3 for \$3.00, except where noted

ETOILE DE HOLLANDE

of Many Rose Gardens

White American Beauty

Long-pointed buds open to immaculate white flowers with big, waxy petals. A vigorous bush will sometimes grow 6 feet in a season. \$1.25 each; 3 for \$3.25

Etoile de Hollande

One of the most popular brilliant crimson-red Roses. Semi-double blooms carried singly; rich old Rose fragrance. One of the most dependable and free-blooming of all the older Hybrid Teas. \$1.25 each; 3 for \$3.25

Picture

Perfect buds of clear dainty pink with a warm, rich salmon undertone. Each flower is heavy-petaled, substantial and long lasting. Medium-sized, strong plant that blooms freely. \$1.25 each; 3 for \$3.25

Poinsettia

Well-formed, long buds and flowers of unfading poinsettia-scarlet. The large blooms are freely produced on erect, healthy plants. \$1.25 each; 3 for \$3.25

McGredy's Sunset

Artistic in both color and form. Slowly opening buds and high-centered, fragrant flowers of saffron, delicately tinted orange and rich scarlet. Grows 2½ feet high and blooms well. \$1.25 each; 3 for \$3.25

TY-TEX DOZEN

Illustrated on these pages

Ami Quinard. Medium-sized flower of velvety dark red. Rich fragrance. Moderate height.

Caledonia. A pure white Rose of lovely form. Fine for cutting. Blooms freely.

Editor McFarland. Deep bright pink flowers of good size, on long stems. Very fragrant.

Golden Charm. An all-yellow form of Talisman, with the same flower but a rich golden color.

Grenoble. A large, double flower of clear scarlet, with a slight spicy fragrance. Vigorous grower.

Luxembourg. Coppery yellow with a darker center. A large, high-centered flower, lightly perfumed. Soft, bronzy foliage on a good plant.

Pink Radiance. The standard pink, especially recommended to beginners but so free blooming that it is indispensable in any garden.

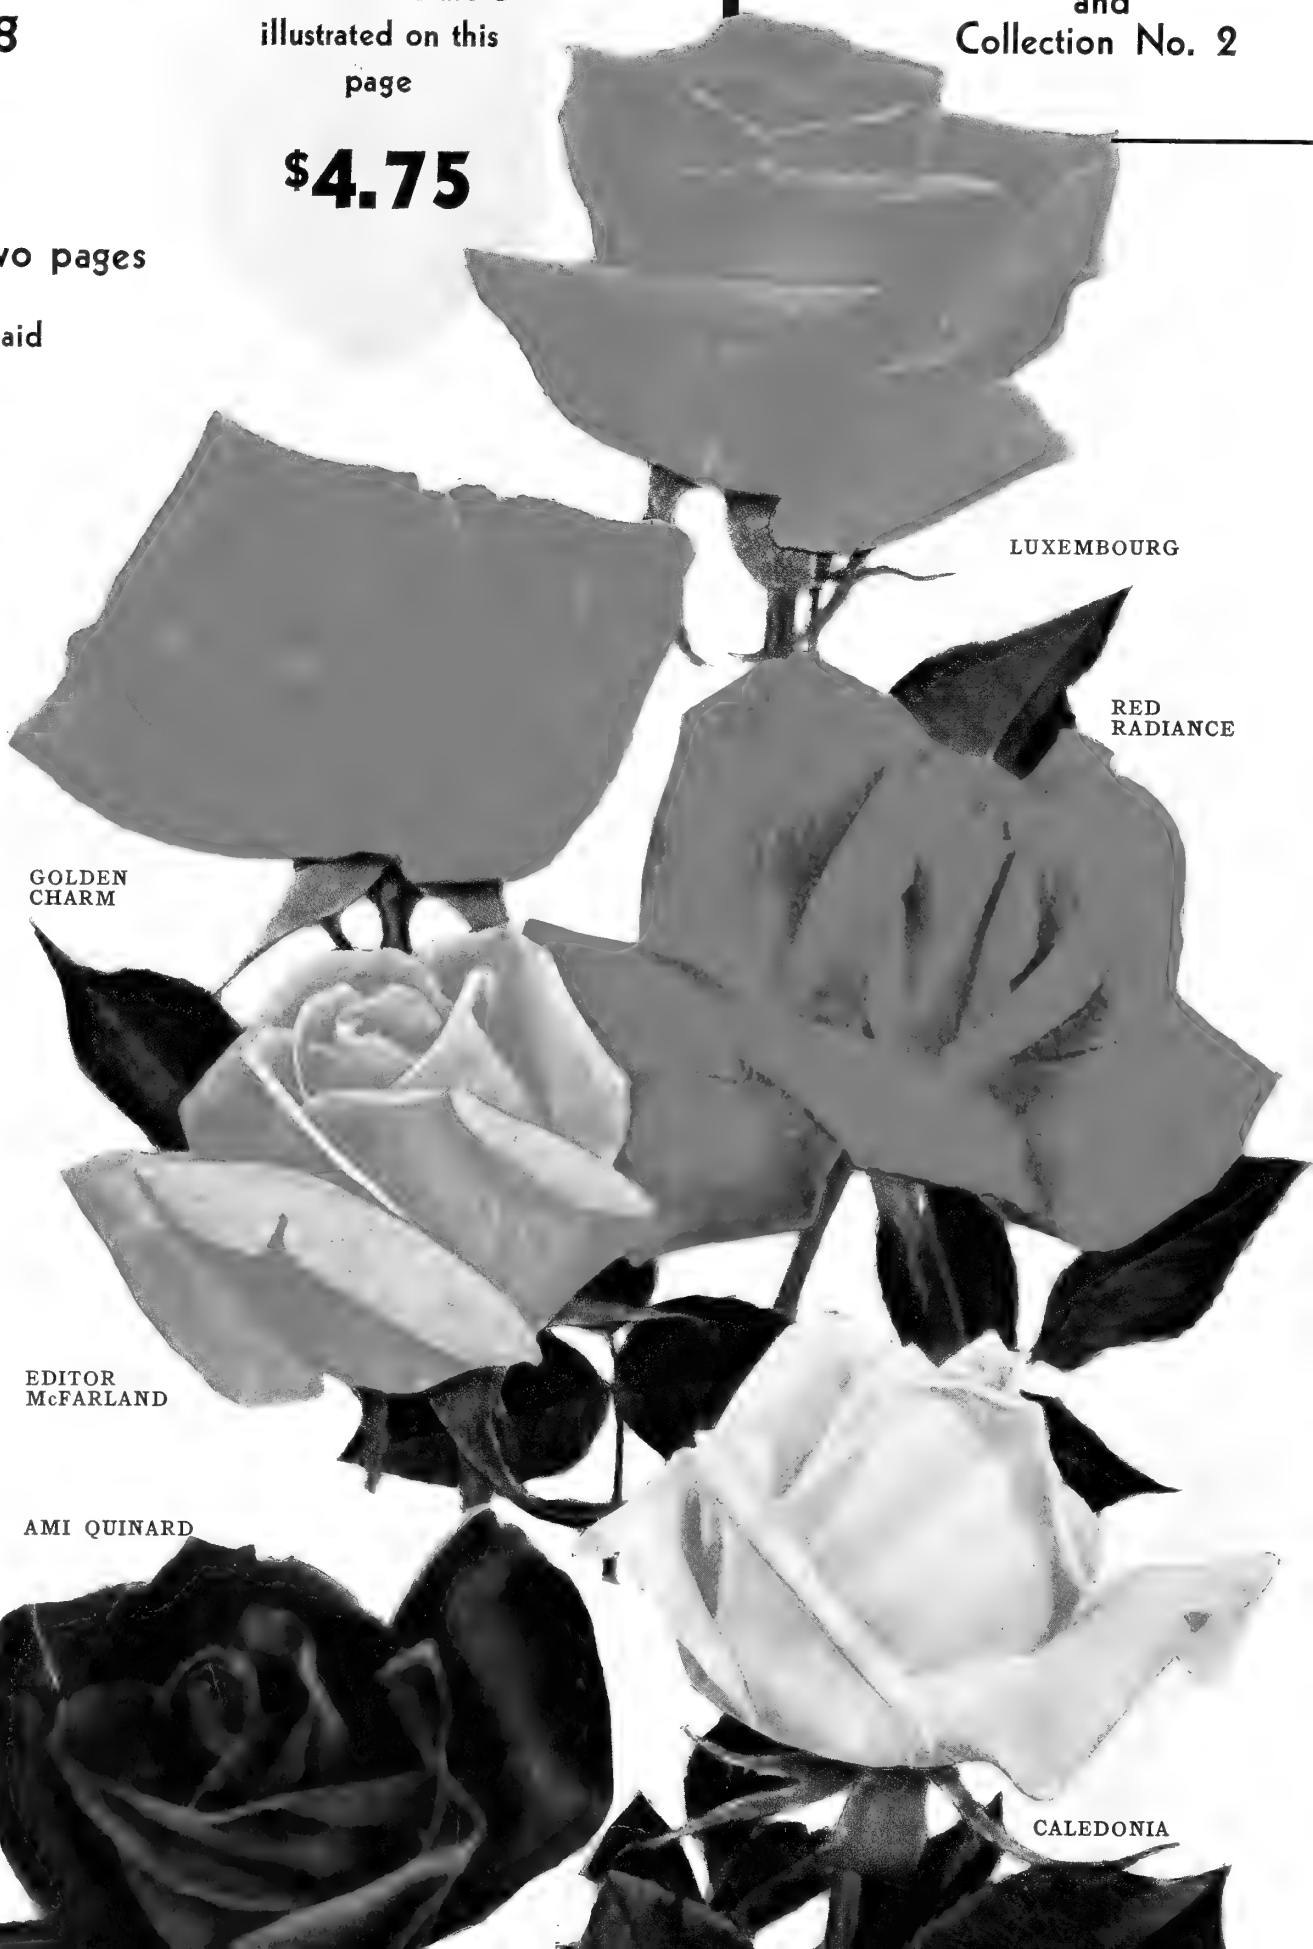

Red Radiance. Rosy red flowers of globular form. Strong and free flowering.

Rouge Mallerin. Deep red, with intense old-time fragrance. Long buds and double, pointed flowers. Compact grower.

Soeur Therese. Chrome-yellow, tinged carmine in the bud. A standard yellow Rose, bushy and free flowering. Highly recommended.

Talisman. Scarlet and gold to deep rose and pale yellow. Very popular. Not extra large but distinctive. Fruity fragrance.

White Radiance. Globular white blooms, double and fragrant, on a vigorous, bushy plant.

Pinocchio Plant Pat. No. 484

The dainty buds are rich salmon flushed gold at the base, changing to soft clear pink. Fruity fragrance. Lasts a long time as a cut flower. Extremely hardy. Fine for mass planting.

\$1.75 each; 3 for \$4.65; 6 for \$9.30

Red Pinocchio Plant Pat. No. 812

Cup-shaped blooms like Pinocchio but rich velvety carmine in color. The 3½-inch flowers are carried in large, unfading clusters on a bushy, upright plant. A wonderful bloomer all season long.

\$1.75 each; 3 for \$4.65; 6 for \$9.30

White Pinocchio Plant Pat. No. 1010

A glistening white Pinocchio, with fully double flowers about 2½ inches in diameter, in large clusters of up to 30 or more. The cream-tinged buds and sheer white blooms are a treat for many weeks.

\$1.50 each; 3 for \$3.90; 6 for \$7.80

Yellow Pinocchio Plant Pat. No. 992

Sturdy bush and great masses of bloom in an apricot-yellow color, fully double and long lasting. The bush grows about 3 feet tall. Foliage is dark green, tough and disease resistant.

\$1.50 each; 3 for \$3.90; 6 for \$7.80

Circus Plant Pat. No. 1382

Perfect urn-shaped buds of bright red and yellow turn into high-centered flowers with orange tones sometimes predominating, then pink, then cream or gold, with a picotee of apple-blossom-pink. Finally the flowers put on a touch of bright red. The plant is medium low and compact, making it excellent for bedding, for borders and for planting singly.

\$2.50 each; 3 for \$6.60;
6 for \$13.20; 25 for \$2.00 each

CIRCUS

HOW TO USE Floribundas IN MASS PLANTINGS

Floribunda Roses are taking the country by storm as more and more people discover what useful plants they are for landscaping. For foundation plantings and hedges, along walks and borders they are both practical and beautiful. The newest varieties have blooms almost as large as Hybrid Teas, but carried in clusters. The plants are extra bushy and free flowering. They will give you more color, more flowers and more growth than any other plant. Floribundas need no pampering. All they ask for is a place in the sun, reasonably good soil and plenty of space, because they do like to grow.

So may we suggest just a few ways in which you can put Floribundas to work on your own property:

As a foundation planting around your home, in combination with evergreens and low shrubs.
As a border along either side of your front walk.
As a low border for a taller shrub planting.

As an edging along the curb.
As a border for the driveway.
As specimen plants beside your front entrance.

© FASHION

Dress Your Garden in a Riot of Color with FLORIBUNDAS

Fashion Plant Pat. No. 789

Bright coral-peach, with 23 wavy petals and bright golden stamens. Old-Rose fragrance. Plants are vigorous and bushy, with neat, healthy, glossy foliage. It reaches a height of 2½ to 3 feet.

\$2.00 each; 3 for \$5.25; 25 or more, \$1.60 each

Jiminy Cricket Plant Pat. No. 1346

The urn-shaped, tangerine-red buds become a blend of orange and vermilion tones, softening to a good coral-pink that never blues. The petals are numerous and of good size and substance. Pleasing true Rose scent. A practically perfect plant, upright and shapely, free in bloom and growing 3 to 4 feet tall. Striking as a hedge, border or specimen.

\$2.00 each; 3 for \$5.25; 6 for \$10.50

Pink Bountiful Plant Pat. No. 601

An ever-popular Floribunda with soft clear pink blooms developing from ovoid buds of deep reddish pink. The petals of the 3-inch flower are thick textured and long lasting. The 2-foot bush is hardy, vigorous and easy to grow, with an abundance of large, dark, healthy foliage. Delicate, nutty fragrance.

\$1.75 each; 3 for \$4.65; 6 for \$9.30

Spartan Plant Pat. No. 1357

An excellent new Floribunda that produces whole bouquets of Hybrid-Tea-shaped blooms on a bush. The burnt-orange buds open slowly to high-pointed flowers of sparkling orange-red, softening finally to reddish coral. Sweet old-Rose fragrance and long cutting stems make it excellent for indoor use. The vigorous, 3-foot plant blooms freely all season, sometimes in clusters and sometimes singly. Hardy and disease resistant, with glossy, leathery foliage. A splendid new addition, combining all the good qualities for which the Floribunda family is noted—profusion of bloom, exceptional hardiness and exuberant growth without fuss.

\$2.75 each; 3 for \$7.20; 6 for \$14.40

Summer Snow Plant Pat. No. 416

The most profuse blooming of all white Floribundas, with beautiful large clusters as clean and white as snow. Without doubt, the finest pure white of its class because of its generous production of blooms all season. Plants are vigorous but lower than most Floribundas, making Summer Snow ideal for low hedges or borders.

\$1.50 each; 3 for \$3.90; 6 for \$7.80

This variety also available in the climbing form at \$2.00 each; 3 for \$5.25; 6 for \$10.50.

Vogue Plant Pat. No. 926

Big clusters of perfectly formed, high-centered blooms like Hybrid Teas, up to 3½ inches across when fully open. The color is intense, brilliant cherry-coral. Its fragrance is very pleasing and spicy. Grows 2½ to 3 feet tall. Ideal for planting in front of a picture window. And as a cut flower, Vogue is perfect. Its exquisite form and lively color are charmingly displayed indoors.

\$2.00 each; 3 for \$5.25; 12 for \$21.00; 25 or more, \$1.60 each

CLIMBING CRIMSON GLORY

Glorify Your Fences, Trellis

Climbing Crimson Glory Plant Pat. No. 736

The rich crimson color, the fascinating fragrance, the perfectly formed blooms plus the vigor and profusion that makes Crimson Glory the nation's favorite red Rose have all been captured in this amazing climber. Each flower is borne on a strong stem, fine for cutting. A fast grower, highly recommended for the South.

\$2.50 each; 3 for \$6.60; 6 for \$13.20

Climbing Floradora Plant Pat. No. 1054

This climber has all the strong qualities of the bush. The buds of scarlet-vermilion are carried in sprays of 6 to 12, and each opens fully double. The color is very arresting. Long-lasting blooms on vigorous plants.

\$2.00 each; 3 for \$5.25; 6 for \$10.50

Climbing Pinkie Plant Pat. No. 1076

Most everyone has a garden spot where a thickly foliaged, 6 to 8-foot plant like this one is just right. In spring you will have to look hard to see the foliage under the cloud of delightful pink bloom—the same perfect little buds and flowers which won an All-America Award for the bush Pinkie. Unlike most other climbers, this one continues to flower from spring until fall.

\$2.75 each; 3 for \$7.20; 6 for \$14.40

Climbing Summer Snow Plant Pat. No. 400

Huge clusters of glacier-white flowers 2 inches across and more. Every cluster contains 20 or more buds developing into loosely double blooms set off with golden stamens when wide open. A mountain of white almost covers the plant in June, repeating all summer and fall. The hardy, vigorous plant fills out rapidly. Height 8 to 10 feet. A useful white climber for any garden.

\$2.00 each; 3 for \$5.25; 6 for \$10.50

Gladiator Plant Pat. Applied for

A vigorous new climber growing 10 to 12 feet high, blooming and reblooming all season. The huge, 5-inch, double flowers, unusually large for a climber, are brilliant rose-red, with delicate fragrance. They are borne like Hybrid Teas, on good cutting stems. Strong, hardy and healthy.

\$2.75 each; 3 for \$7.20; 6 for \$14.40

King Midas Plant Pat. No. 586

Lovely large yellow blooms completely cover the plant for three to six weeks, bringing a blaze of golden glory to pillar, porch and trellis. Modern, high-centered, tight buds, flushed with red, and Hybrid-Tea-like flowers, in clusters of 4 to 6. It will establish itself quickly and then bloom every year. Rich bright glossy green foliage appears early and later turns to a fine leathery dark green. Particularly hardy and vigorous.

\$2.00 each; 3 for \$5.25; 6 for \$10.50

©

CLIMBING SUMMER SNOW

and Walls with CLIMBERS

Aloha Plant Pat. No. 948

The coral-pink buds open to very double, perfectly formed blooms of enormous size. Each flower of this sturdy plant measures 5 inches across and as much as 3 inches deep, with strong and waxy petals.

The general effect is strong, rich rose-pink with deeper tones in the tight buds and a soft silvery lilac-pink on the inside of the petals in the open bloom. Long-stemmed clusters of buds which do not open all at once. The first bud develops into a gorgeous, 5-inch bloom, but the secondary buds are still undeveloped and do not open fully until the first flower has practically finished. Ideal for arrangements. Very deep green, waxy foliage. Frequently blooms until frost.

\$2.50 each; 3 for \$6.60; 6 for \$13.20

Blaze

For a blazing mantle of the clearest, sheerest scarlet you ever saw, there is nothing to equal Blaze. The plant is completely satisfactory, with no special growing requirements. Aside from its glorious color, the two outstanding merits of this variety are its everblooming characteristic and hardiness. Double, 2 to 3-inch flowers are carried in big clusters and the color lasts well, even in full sun. The burst of June bloom is truly overwhelming, and when the plant is established the sturdy canes of old wood will bring the everblooming characteristic to the fore. So we ask you not to expect repeated bloom until the plant is a few years old. Trained over an arch, fence, post or on a garage, Blaze makes a stunning picture. Rich, leathery, dark green foliage clothes the plant.

\$1.50 each; 3 for \$3.75; 12 for \$15.00

Climbing Goldilocks Plant Pat. No. 1090

All the gorgeous golden color of the original Goldilocks has been preserved in this everblooming hardy climber. The rich golden yellow buds are ovoid in shape and gracefully open to 3½-inch blooms. Like the bush form, this Climbing Goldilocks blooms in large clusters, and also individually. And best of all, it blooms all summer long. The hardy, vigorous plant will grow 6 to 10 feet in one year and will bloom the first year it is planted. Its rich dark leathery foliage is a beautiful background for the rich gold color of the flowers.

CLIMBING GOLDSILLOCKS

Popular Hardy

Heavy, 2-year-old, nursery-grown stock—ready to bloom and make your grounds a showplace. Gorgeous color in spring, summer and fall.

Any 6 Shrubs \$5.00
1 each of 13 varieties \$9.00

CRAPE-MYRTLE

A favorite shrub in the South. Produces large panicles of crinkled florets in late July and August. A strong grower, adapting itself to almost any soil and location south of Philadelphia. Colors: Pink or Red. 2 to 3 ft., \$1.00 each.

CRAPE-MYRTLE

BEAUTY-BUSH

BEAUTY-BUSH

A handsome, vase-shaped shrub blooming in early summer. Long, arching wands of beautiful, bell-shaped, cameo-pink flowers make a picture not soon forgotten. Ideal for lawn specimens or the shrub border. A rapid grower, reaching about 10 feet in height and width. 1½ to 2 ft., \$1.00 each.

HYDRANGEA, HILLS OF SNOW

GARDENIA

GARDENIA

Delicately lovely, snow-white blooms of elegant form, with waxy petals and delicious fragrance. Shiny dark foliage. Highly prized everywhere. \$1.00 each.

HYDRANGEA, HILLS OF SNOW

Round, snow-white blooms make it attractive over a long period, from early summer until fall. Very showy and hardy. A vigorous shrub that does well in the shade. Easy to grow and practically insect-free. Grows about 10 feet tall. A good, foolproof shrub that an inexperienced gardener may plant with safety. \$1.00 each.

WEIGELA VANICEKI

HYDRANGEA, P.G.

HYDRANGEA, P.G.

Bears great pyramid-shaped heads of bloom, creamy white at first, becoming pinkish and finally drying and hanging on the plant far into the winter. Hardy and very popular. 1½ to 2 ft., \$1.00 each.

ALTHEA

ALTHEA (Rose of Sharon)

Begins blooming in early summer and continues through the autumn. A strong, upright grower. Colors: Red, White, Pink or Blue. 1½ to 2 ft., \$1.00 each.

WEIGELA VANICEKI

One of the finest red Weigelas. Blooms heavily in the spring and again in late summer and fall. Very strong grower, making a bright spot of color. Does best in full sun. 1½ to 2 ft., \$1.00 each

FLOWERING QUINCE

SPIREA, VAN HOUTTE

SPIREA, VAN HOUTTE

Popularly known as Bridal Wreath. A medium-sized shrub with long, graceful wands of pure white flowers in late May and June. Widely planted. Very free flowering and easy to grow, with pleasing foliage. 1½ to 2 ft., \$1.00 each.

HONEYSUCKLE, PINK TATARIAN

HONEYSUCKLE, PINK TATARIAN

This strong-growing shrub grows 5 to 6 feet tall and bears a profusion of pink flowers in May and June, followed by red berries in the fall. Big and graceful, doing well in part shade. \$1.00 each.

FORSYTHIA
(GOLDEN-BELLS)

WEIGELA ROSEA

WEIGELA ROSEA

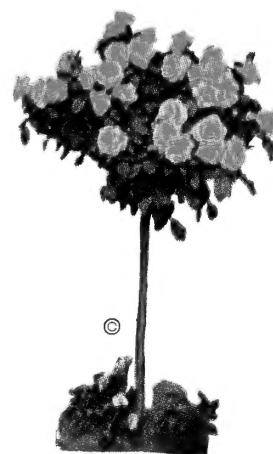

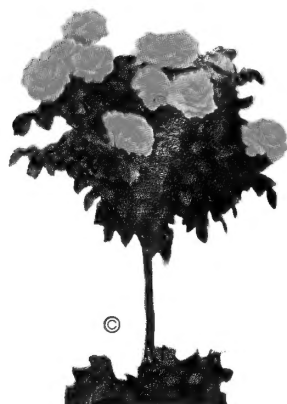

Hardy and easy to grow, this has become very widely planted. Especially attractive when it blooms in May and June, but the foliage is always pleasing. The trumpet-shaped, rose-pink flowers are borne on large, spreading plants that often reach 8 to 10 feet each way. Weigelas thrive best in full sun. They should be pruned immediately after they bloom. \$1.00 each.

FORSYTHIA FORTUNEI (GOLDEN-BELLS)

A solid mass of golden flowers covers the plant in earliest spring, before the leaves come out. Easy to force into bloom indoors even earlier than that. Extremely hardy and healthy. Nice to combine with spring-flowering bulbs, in both outdoor beds and indoor bouquets. \$1.00 each.

**Now! GET YOUR
FAVORITE TY-TEX
EVERBLOOMING ROSES
IN THESE FAMOUS TREE
ROSES \$5.50 each**

CRIMSON GLORY

Easy-to-Grow
GUARANTEED TO BLOOM
Order Now
FOR WINTER AND SPRING
2 for \$10.00

If you love Roses, you can see them to perfection in TREE ROSES. The blooms are superior to those grown on regular bushes and the color lasts all summer, as they too are ever-blooming. They grow to about 3½ feet tall. The trunks increase in diameter in proportion to the top and the plants are more disease resistant than the bush type.

Tree Roses are shipped only in the winter and spring, but you may order now and we shall reserve your color for you. Tree Roses are very popular and it takes longer to produce them than bush Roses. Therefore our supply is comparatively limited. If any variety you order is sold out, rather than disappoint you we shall send another of similar color.

\$5.50 each; 2 for \$10.00

RED

Charlotte Armstrong. Perfectly formed, blood-red buds develop into large, spectrum-red blooms. A very double Hybrid Tea.
Chrysler Imperial. Richly fragrant. Long, tapering buds of oxblood-red.
Crimson Glory. Favorite year after year. Very easy to grow; buds long lasting.
Mirandy. Immense buds and flowers of dark, rich red. Very vigorous and fragrant.

PINK

Countess Vandal. Very artistic and unbeaten for cut flowers. Very long, graceful buds of salmon and coppery pink.
Helen Traubel. Flowers good in any weather, sparkling pink and apricot color. Buds long and tapered.
Picture. Velvety clear rose-pink. Very hardy grower.
Queen Elizabeth. A blending of soft carmine-rose and dawn-pink.
The Doctor. Rich pure pink; intensely fragrant. Blooms are very large.
Tiffany. Buds are deep pink, with golden yellow at base.

WHITE

Frau Karl Druschki. Large, double, purest white.
K. A. Viktoria. Pure ivory-white buds.

YELLOW

Eclipse. Slim, tapering buds of clear yellow. Vigorous, branching plant. One of the best.
Mrs. Pierre S. du Pont. Rich golden yellow. A sturdy bush with glossy foliage.
Peace. Varies in color from day to day. Golden buds with a flash of pink along the petals, opening slowly to big blooms.

TWO-TONE

Forty-niner. Dazzling chrome-yellow on outside, vivid red on inside. Hardy.
President Herbert Hoover. Large, delightfully fragrant flowers of yellow, cerise and flame.
Talisman. Scarlet and gold, changing to deep rose and pale yellow.

FLORIBUNDAS

Carrousel. Velvety dark red flowers with no tendency to turn blue. Semi-double, of medium size.
Floradora. Exquisitely formed buds of orange-scarlet; fully double.
Garnette. Small, double flowers of garnet-red, with a light lemon-yellow base. Slightly fragrant.
Orange Triumph. Salmon-red with orange shadings. Small, semi-double flowers of cupped form.
